

A Good Start in Osnabrück

STEP by STEP

This project is for refugees and asylum seekers, especially mothers with children and pregnant women, who find themselves in the first phase of orientation. Their family members are also welcome to come with them. Everyone is welcome, whether you live in a refugee home or if you already have your own lodging.

Your arrival here and finding your way in this new social network and through daily life is supported in the "STEP by STEP" program. In the open meetings, you can share and gather information through a "system explanation", through advising, and with the personal assistance from volunteers who can help with your integration here in Germany.

Opening hours:

Tuesdays, 9:30-11:30

Thursdays, 15:30-17:30

Meetingpoint:
